**Spreadsheets** – All forms are in the Shared folder for review.

Ride Checks	Mentor Contacts
58	369

**Operator Violations:** Reported 2 violations for leaving early and 1 for speeding. The data shows that more than 99.9% of the time our operators comply with these checks.

**Leading and lagging indicators for Radar Checks:**

- This month there was only one violation for speeding. In the future, if we get a spike of these violations, six or more, we will schedule a speed campaign in the following two months and focus on a 5% reduction in this violation.
- We will look for repeat violators as well as areas of concern.
